c o z y country

Comfortably mixed and matched with an eye towards nostalgia and an appreciation for family-friendly décor, this sentimental style definitely blends the best of both the old and the new. *Village Collection* has taken its country cues. With a soft, arch-rimmed door and a true sunburst design, our **Sun Prairie** fireplace will showcase your hearth room's classic country style.

m o d e r n *metropolitan*

Whether your home is uptown or downtown, **Remington Avenue** is refined urban style. This sleek design is a study in minimalism where "less is truly more." A fusion of diamond cut filigree parlayes the simple geometry of our modern arched door. If you're opting for clean-style with edgy appeal, allow **Remington Avenue**, by *Village Collection*, to accessorize your metropolitan hearth room décor.

v i n t a g e *mission*

“Once seen, never forgotten” may best describe the Arts & Crafts movement. With its subtle strength in geometric line and shape, this period design, also known as Mission Style, is rooted in the integrity of fine craftsmanship. *Village Collection’s* **Mission Viejo** and **Town Square** are an interpretation of vintage Frank Lloyd Wright, and an architectural legacy.

Take Aim

Today's rugged granite or fieldstone fireplaces trigger snug comfort and a relaxing touch of the great outdoors. America has become nostalgic for the rustic wilderness that makes cottage or lodge style so popular in home decoration. With **Fire & Stream**, your *Village Collection* fireplace will capture the *sportsman's* theme with natural iron and frontier fireside design.

New Classical

Gorgeous Grapes

Transform your *Village Collection* fireplace with West Coast flair. The Sonoma region is famous for its world-class vineyards and award winning wines. Grape & Vine décor themes are all the rage. Bring this style to your fireside theme with the detailed design of **Sonoma Valley**. Warm cheers to you from a fireplace that gets better with time!

Deco Delight

Europe's Art Nouveau period gave way to a trend that has become universally popular ever since the Paris Art Expo in 1925. Art Deco is now a quintessential interior design theme for all to enjoy. With its simplification in angle and geometry, *Village Collection's* **Dream Weaver** Art Deco fireplace offers a sleek look that combines modern elements of power and scale to match your hearthside style.

Acanthus Leaf

There are few design elements that have stood the test of time longer than that of the Acanthus Leaf. Chosen for its beauty and inspired by nature, the Greek architects of the fifth century B.C. have immortalized this floral motif in grand style. From neo-classical to anything renaissance, *Village Collection's* **Grecian Garden** has captured the Mediterranean elegance of Acanthus, a classic corbel design that has adorned hearth mantels for centuries.
